The story of "Afternoon Tea"

Anna, the seventh Duchess of Bedford, is reputed to have introduced the tradition of taking afternoon tea in the early 1840's. She requested a pot of water, cakes, bread and butter to appease her appetite in the long hours between early lunch and late supper. The Duchess is said to have shared the idea with friends and by the end of the decade afternoon tea had become a widespread social event. Here at The Glensesk we are delighted to continue the tradition by serving freshly cut sandwiches, homemade scones, preserves and cream, along with a range of cakes, pastries and a selection of fine teas.
